

SUNDAY BIG DAY AT TABERNACLE

Largest Congregations of Session
Were Present on That Day.

REVS. GWILYM AND TIGERT

Interested the Audiences, the Former in the Afternoon, the Latter in the Evening—Dr. Gwilym Made Big Hit, and Dr. Tigert Was Good.

Sunday at the Tabernacle was a big day, and the hundreds who attended the services were greatly impressed with the great work of the day.

There was no service in the morning, owing to the services at the various churches, all of which gave way in the afternoon and evening to the exercises at the Bible Conference.

In the afternoon Rev. David Vaughn Gwilym delivered a most interesting sermon on "The Love Song of Jehovah." Dr. Gwilym is one of the finest speakers ever heard in this section. He is a man full of spiritual energy, full of eagerness, eloquent and impressive, and never fails to interest his audience. He was here last year, and made the most favorable impression of any speaker during the session, with the possible exception of Dr. W. E. Blackstone. Dr. Gwilym was full of the spirit, and in a most impressive manner kept the large audience interested for nearly an hour.

In the evening at the Tabernacle Dr. John J. Tigert of Nashville, late professor of Vanderbilt University, editor of The Methodist Review, and said to be one of the finest preachers in the South, delivered the sermon. Dr. Tigert was greeted by a fine congregation—in fact the largest of the session so far—and his remarks were listened to with a great deal of interest.

Monday morning Dr. Gwilym gave one of his interesting "Quiet Hours" lectures, the subject being "The Servant and His Lord." It was originally planned to hold these lectures in Holy Trinity Church, but they became so popular that the little church could not accommodate those who desired to hear them, consequently the speaker commented to hold them in the Tabernacle. The lecture begins promptly at 9 o'clock and lasts for forty-five minutes, which does not interfere with the regular morning service at the Tabernacle, beginning at 10 o'clock.

At 10 o'clock Dr. Tigert gave an interesting lecture. At 3 o'clock in the afternoon Dr. Gwilym again lectured, and in the evening Dr. Tigert filled the pulpit and delivered a most interesting sermon.

Among the latest arrivals at the Conference are Dr. Tigert and Prof. Chas. D. Tillman of Atlanta, one of the greatest gospel singers in the South. He will remain here during the balance of the Conference, and will assist Miss Munford in conducting the choir. Dr. Tigert will also remain here during the Conference, and his great preaching is destined to inspire those who love God's work.

AT THE TABERNACLE.

Interesting Services Tuesday—Dr. Gwilym Will Say Farewell Today.

Tuesday's exercises at the Tabernacle were largely attended, and proved of deep interest. In the morning Dr. Tigert delivered a fine lecture to an interested congregation. In the afternoon this distinguished divine again addressed a great throng. He is a fluent, forceful speaker, and his subjects are always of the deepest interest.

Rev. David Vaughn Gwilym in the evening appeared before an appreciative audience, handling his subject, as he always does, with great earnestness. Dr. Gwilym is a fine speaker, and it is to be regretted that he finds it necessary to return to his New York home so early. The Doctor himself expresses regret, but states that his departure Thursday will be absolutely necessary. He is well pleased with the Conference, the city and those whom he has met here, and hopes to return next year.

OVER THE PHONE.

System of East Florida Telephone Company is in First-Class Order.

The Sun reporter dropped into the central office of the East Florida Telephone Company, which is located in the office of the Abstract and Realty Company, Saturday, and through the courtesy of Manager E. E. Volvo had the satisfaction of talking to several neighboring points. The instruments were clear and distinct, and for a distance of twenty miles a voice could be heard and recognized as though it was within a few feet.

Through the conversation it was ascertained that matter throughout the country were as quiet as in Gainesville, for a general rain was prevailing throughout the entire southern and southwestern sections of Alachua, and part of Levy county. 'Gas Morton, the clever superintendent of the Dutton Phosphate mines at Eve, declared over the phone that the weather was wet but he was dry, and requested the reporter to send him down "something" from Gainesville to keep him in good humor. Dr. Crawford at Micanopy complained of the rain, but said everybody was happy, despite the inclement weather. Dr. Crawford also stated that the Howze Dramatic Company, which was playing a week's stand in Micanopy, kept the people in a good humor in the evening, and they were too busy to get out of it in the daytime.

John P. Hester of Evinston declared there was "nothing doing" in the way of news in his section, but there was plenty of rain, and if the weather did not soon abate he proposed to visit Gainesville in a boat.

The telephone system now extends to many of the most important towns of the county, and the company is still building its lines. Within a few months Ocala and Gainesville will be connected, which will afford connection not only with these two cities, but with all principal intermediate points. The longest connection at present is between Eveand Clark, which is, as the line runs, fifty-seven miles. A conversation may be easily carried on between these two points.

AT THE OPERA HOUSE.

J. C. Lewis and His Company Presented "Si Plunkard" Admirably.

Despite the inclement weather, a large audience greeted the talented young comedian, J. C. Lewis, and his company in the presentation of the revised rural comedy, "Si Plunkard," at the opera house Monday evening.

The play was good throughout, each role having been assumed with a realness which would have done credit to "sure enough" country folks from the New England farm. The play was handled in a clever manner, and all who attended were well pleased.

The music and specialties were especially good, the singing being as fine as ever heard on this stage.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

SAM JONES WILL COME.

Will Open Gainesville Chautauqua on Wednesday, March 1.

Those who admire Sam Jones—and there are a great many of them here—will be delighted at the information that this great evangelist has been secured to open the Gainesville Chautauqua, which will begin at the Tabernacle on Wednesday, March 1. Mr. Jones is in a class of his own, and is so well known that it is needless to dwell upon his ability as an orator and a preacher. He has probably accomplished more in evangelistical work than any other man, Moody or Sankey not excepted. He is known from one end of the United States to the other as the greatest evangelist and platform orator in the country, and his appearance here at the opening of the Chautauqua will prove a big drawing card.

Mr. Jones favored the Chautauqua with a date last season, and upon his appearance there was not a seat available in the Tabernacle—in fact, long before the hour appointed for his appearance every available space was taken, and many who did not care to stand were turned away.

Aside from Mr. Jones, Dr. Strouse states that he has a fine program for the Chautauqua. A number of the finest lecturers and orators in their respective lines in the country have been secured, and a program which has never been equalled on any similar occasion in Florida is assured.

Forgery Charged.

Claude Wells presented a check at the bank here last Tuesday for \$75, signed C. H. Hollandsworth, and tried to have it cashed. When told he would have to be identified he left and did not return. When time came for closing and he did not reappear, Cashier Neville became suspicious and asked Mr. Hollandsworth about it. Mr. Hollandsworth denied having given the check, and search for the young man began. He was arrested the same evening and was tried before Mayor Barkdale Wednesday morning. The defendant waived examination and was bound over in \$300 bond for his appearance at circuit court. The young man is said to be from Alachua. When arrested a number of checks for various amounts, with different names signed to them, were found on him. —Dunnellon Advocate.

Death at Santa Fe.

Santa Fe, Feb. 11.—(Delayed)—This vicinity mourns the loss of one of her noble young men on the 7th inst., Robert Lee Anderson, who passed away at his home. It was indeed a sad death, as he was loved by all who knew him.

When quite young he connected himself with the Methodist church and was a consistent Christian young man. Two years ago he was married to Miss Katie Dukes of Worthington, and settled on his farm near here. His death was caused by pneumonia, after a short illness. He was interred in the St. Johns cemetery, the funeral being conducted from the St. Johns Methodist Church, Rev. J. V. Brown officiating, assisted by Rev. V. N. Ellis.

A large crowd of sorrowing friends and grief-stricken relatives were present. He leaves a devoted wife and one child, an aged father and mother, and several brothers and sisters, who are not alone in mourning his death.

THE KEY TO YOUR SYSTEM IS YOUR LIVER

The principal civilized nations of the world guard jealously and expend millions annually to protect those strategic positions, or strongholds, recognized as the "key" to their national integrity. Your liver is the stronghold that you must fortify and guard against the attacks of disease. Your liver is "The Key to your System." Take care of your liver and your liver will take care of you.

Sharp-edged uric acid crystals are forming in your blood; Bright's disease, rheumatism, diabetes, inflammation of the bladder, dropsy, stone in the bladder, and many other similar enemies of your system are marching against you. They must reach your system through your liver. If you fortify this stronghold against them you conquer disease and win robust health. If you neglect your liver they will capture it and overrun your entire system, breaking down tissue through the nerves and blood. Diseases of the heart and lungs,

skin diseases, constipation, rheumatism and stomach troubles naturally follow.

The only preparation that drives out all these troubles is DR. THACHER'S LIVER AND BLOOD SYRUP. It cures, because it goes to the seat of the trouble at once. It drives these disorders out of your liver; it strengthens "The Key to Your System" and fortifies it against future attacks. It makes you well by making your liver well.

DR. THACHER'S LIVER AND BLOOD SYRUP is an honest medicine—an accurately compounded preparation of pure medicinal herbs. No nerve-dulling opiates—no harm in a thousand bottles.

Dr. Thacher's Health Book will tell you why you are sick, and how to be well. Send for it, and a sample bottle of DR. THACHER'S LIVER AND BLOOD SYRUP.
